# Industry Collaboration

The Industry Collaboration award recognises collaborations driving exemplary skills development between at least one employer/industry body and at least one organisation delivering nationally recognised vocational education and training.

## Eligibility criteria

Nominees must:

have at least one party who is an industry organisation (e.g., employer, enterprise, group of enterprises, industry association, industry advisory body, trade union or professional association)

have at least one party who is delivering nationally recognised training or directly contributing to the outcomes of nationally recognised training which leads to formal qualifications or Statements of Attainment under the Australian Qualifications Framework

Please note that organisations must demonstrate a genuine and shared agreement (either formal or informal) to cooperate and work together for mutual benefit.
